To estimate your taxes, take the equalized assessed value of your property, minus your exemptions, multiply that amount by the tax rate, then divide by 100 to arrive at the amount of taxes you will pay. The rate is determined by the total amount of tax dollars levied for by the taxing districts in your area.

Pursuant to 35 ILCS 200/10-115, the farmland assessments for the 2023 assessment year will increase by 10% of the preceding year's median cropped soil productivity index as certified by the Illinois Department of Revenue with data provided by the Farmland Assessment Technical Advisory Board resulting in a \$42.61 per acre increase for each

soil productivity index.

Owner/occupied properties may be eligible for various homestead exemptions as provided for in Sections 15-165 through Section 15-175, and Section 15-180 of the Property Tax Code. You may contact the Macon County Supervisor of Assessments Office at (217) 424-1364, visit our office at 141 S.
