**MACON COUNTY BOARD RESOLUTION
AUTHORIZING SALE OF CERTAIN
PARCELS OWNED BY THE COUNTY OF
MACON PURSUANT TO TAX DEED
FORECLOSURES TO THE CITY OF
DECATUR**

Resolution No. G-4988-04-19

WHEREAS, the County of Macon (County) became the legal owner of various parcels of land pursuant to the tax deed foreclosure process found in the Property Tax Code (35 ILCS 200/1-1 et seq.); and

WHEREAS, the County attempted to sell said parcels at auction on at least one, but in many cases, several public auctions; and

WHEREAS, to date, none of said parcels have been purchased at auction by private or other purchasers; and

WHEREAS, the City of Decatur (City) has reached out to the County to determine if the County is interested in selling said parcels to the City at less than the normal minimum bid if the City agrees to pay for and take ownership of all said parcels; and

WHEREAS, the City's purpose is to use its ownership of the parcels as part of its revitalization and beautification projects within the City's boundaries; and

WHEREAS, the City's ultimate goal is to return said parcels to the tax rolls, increasing tax revenues for both the City and County as well as the various taxing districts that would be impacted; and

WHEREAS, the City and County have determined that said parcels, due to their history of failing to sell for the minimum bid price at previous auctions, are unlikely to sell at the minimum bid price in future auctions, which will result in said parcels continuing to be left vacant, derelict and off of the tax roles for the City, County and the various taxing districts; and

WHEREAS, the County has determined that while it is not in the public interest to adopt a general policy of lowering minimum bid prices when properties do not sell at auction, the circumstances here are unique in that the City is offering to purchase more than 700 parcels at once and has a plan to use its new ownership to revitalize the community.

NOW THEREFORE BE IT RESOLVED by the Macon County Board, assembled in regular meeting at Decatur, that because of these unique circumstances, the County agrees to sell to the City the said parcels at less than the minimum auction bid price and to sell said parcels to the City for the price of \$75.00 per parcel.

BE IT FURTHER RESOLVED that the County shall convey its ownership interest to the City of the parcels set forth on the attached Exhibit A, subject to any limitations of or defenses to its ownership interest, upon the City's payment to the County of \$75.00 per parcel.

BE IT FURTHER RESOLVED that the Chair of the County Board, the State's Attorney, or their designees, are authorized to execute any documents necessary to complete conveyance of said parcels to the City.

BE IT FURTHER RESOLVED that this Resolution shall take effect immediately upon passage.

In re: Civil Assessment Schedules

M.R. 29741

ORDER

The Access to Justice Act ("Act") (705 ILCS 95/1 *et seq.*) was enacted in 2013 with the goal of improving meaningful access to legal information, resources and assistance for all litigants, regardless of their income or circumstances. The Act established the Statutory Court Fee Task Force ("Task Force"), a bipartisan, multi-cameral coalition of stakeholders convened to study the current system of fees, fines and other court costs (collectively, "assessments") imposed upon civil and criminal litigants. The Task Force was charged with proposing recommendations to the Supreme Court and the General Assembly to simplify the imposition, collection and distribution of these assessments while making them more transparent, affordable, and fair.

After many months of study, the Task Force released its Report and Recommendations in 2016, which adopted five core principles:

1. Courts should be substantially funded from general government revenue sources. Court users may be required to pay reasonable assessments to offset a portion of the cost of the courts borne by the public-at-large.
2. The amount of assessments should not impede access to the courts and should be waived, to the extent possible, for indigent litigants and the working poor.
3. Assessments should be simple, easy to understand, and uniform to the extent possible.
4. Assessments should be directly related to the operation of the court system. Assessments imposed for a particular purpose should be limited to the types of court proceedings that are related to that purpose. Monies raised by assessments intended for a specific purpose should be used only for that purpose.
5. The General Assembly should periodically review all assessments to determine if they should be adjusted or repealed.

In response to the Task Force's recommendations, the General Assembly enacted Public Act 100-0987 which streamlines the current statutory fee provisions into a framework of fee schedules identifying the maximum amounts which can be assessed in each civil case category established by this Order.

SUPREME COURT
CLERK

In the coming months, the county boards will implement, by ordinance, the local fee amounts according to these new schedules. Before setting fees, county boards are strongly urged to review the five core principles outlined by the Task Force and to carefully consider the role and purpose of assessments in funding the justice system, as well as the relationship between assessments and access to justice.

THEREFORE, IT IS ORDERED that:
