(c) Financial Statement Audit. If, during its fiscal year, Grantee expends less than \$750,000 in Federal Awards, Grantee is subject to the following audit requirements:

(i) If, during its fiscal year, Grantee expends \$500,000 or more in State Grants, Grantee must have a financial statement audit conducted in accordance with the Generally Accepted Government Auditing Standards (GAGAS). Grantee may be subject to additional requirements in PART TWO, PART THREE or Exhibit G based on the Grantee's risk profile.

(ii) If, during its fiscal year, Grantee expends less than \$500,000 in State Grants, but expends \$300,000 or more in State Grants, Grantee must have a financial statement audit conducted in accordance with the Generally Accepted Auditing Standards (GAAS).

(iii) If Grantee is a Local Education Agency (as defined in 34 CFR 77.1), Grantee shall have a financial statement audit conducted in accordance with GAGAS, as required by 23 Ill. Admin. Code 100.110, regardless of the dollar amount of expenditures of State Grants.

(iv) If Grantee does not meet the requirements in subsections 15.3(b) and 15.3(c)(i-iii) but is required to have a financial statement audit conducted based on other regulatory requirements, Grantee must submit those audits for review.

(v) Grantee must submit its financial statement audit report packet, as set forth in 44 Ill. Admin. Code 7000.90(h)(2) and the current GATA audit manual, to the Grantee Portal within the earlier of (i) 30 calendar days after receipt of the auditor's report(s) or (ii) 6 months after the end of the Grantee's audit period.

Code 7000.90 and the current GATA audit manual, and must be submitted to the Grantee Portal. The due date of all required submissions set forth in this Paragraph is the earlier of (i) 30 calendar days after receipt of the auditor's report(s) or (ii) nine (9) months after the end of the Grantee's audit period.

(c) **Financial Statement Audit.** If, during its fiscal year, Grantee expends less than \$750,000 in federal pass-through funds from State Grants, Grantee must follow all of the audit requirements in Paragraphs 15.3(c)(i)-(v), above.

(d) **Publicly-Traded Entities.** If Grantee is a publicly-traded company, Grantee is not subject to the single audit or program-specific audit requirements, but is required to submit its annual audit conducted in accordance with its regulatory requirements.

15.5. **Performance of Audits.** For those organizations required to submit an independent audit report, the audit is to be conducted by the Illinois Auditor General (as required for certain governmental entities only), or a Certified Public Accountant or Certified Public Accounting Firm licensed in the State of Illinois or in accordance with Section 5.2 of the Illinois Public Accounting Act (225 ILCS 450/5.2). For all audits required to be performed subject to Generally Accepted Government Auditing standards or Generally Accepted Auditing standards, Grantee shall request and maintain on file a copy of the auditor's most recent peer review report and acceptance letter. Otherwise, Grantee should refer to the State of Illinois Grantee Compliance Enforcement System for the policy and consequences for late reporting. 44 Ill. Admin. Code 7000.80.

ARTICLE XVI TERMINATION; SUSPENSION; NON-COMPLIANCE

16.1. **Termination.**

(a) This Agreement may be terminated, in whole or in part, by either Party for any or no reason upon thirty (30) calendar days' prior written notice to the other Party. If terminated by the Grantee, Grantee must include the reasons for such termination, the effective date, and, in the case of a partial termination, the portion to be terminated. If Grantor determines in the case of a partial termination that the reduced or modified portion of the Award will not accomplish the purposes for which the Award was made, Grantor may terminate the Agreement in its entirety. 2 CFR 200.340(a)(4).

(b) This Agreement may be terminated, in whole or in part, by Grantor without advance notice:

(i) Pursuant to a funding failure under Paragraph 4.1;

(ii) If Grantee fails to comply with the terms and conditions of this or any Award, application or proposal, including any applicable rules or regulations, or has made a false representation in connection with the receipt of this or any Grant;

(iii) If the Award no longer effectuates the program goals or agency priorities as set forth in Exhibit A, PART TWO or PART THREE; or

(iv) If Grantee breaches this Agreement and either (1) fails to cure such breach within 15 calendar days' written notice thereof, or (2) if such cure would require longer than 15 calendar days and the Grantee has failed to commence such cure within 15 calendar days' written notice thereof. In the event that Grantor terminates this Agreement as a result of the breach of the Agreement by Grantee, Grantee shall be paid for work satisfactorily performed prior to the date of termination.

16.2. Suspension. Grantor may suspend this Agreement, in whole or in part, pursuant to a funding failure under Paragraph 4.1 or if the Grantee fails to comply with terms and conditions of this or any Award. If suspension is due to Grantee's failure to comply, Grantor may withhold further payment and prohibit Grantee from incurring additional obligations pending corrective action by Grantee or a decision to terminate this Agreement by Grantor. Grantor may determine to allow necessary and proper costs that Grantee could not reasonably avoid during the period of suspension.

16.3. Non-compliance. If Grantee fails to comply with the U.S. Constitution, applicable statutes, regulations or the terms and conditions of this or any Award, Grantor may impose additional conditions on Grantee, as described in 2 CFR 200.208. If Grantor determines that non-compliance cannot be remedied by imposing additional conditions, Grantor may take one or more of the actions described in 2 CFR 200.339. The Parties shall follow all Grantor policies and procedures regarding non-compliance, including, but not limited to, the procedures set forth in the State of Illinois Grantee Compliance Enforcement System. 44 Ill. Admin. Code 7000.80 and 7000.260.

16.4. Objection. If Grantor suspends or terminates this Agreement, in whole or in part, for cause, or takes any other action in response to Grantee's non-compliance, Grantee may avail itself of any opportunities to object and challenge such suspension, termination or other action by Grantor in accordance with any applicable processes and procedures, including, but not limited to, the procedures set forth in the State of Illinois Grantee Compliance Enforcement System. 2 CFR 200.342; 44 Ill. Admin. Code 7000.80 and 7000.260.

16.5. Effects of Suspension and Termination.

(a) Grantor may credit Grantee for expenditures incurred in the performance of authorized services under this Agreement prior to the effective date of a suspension or termination.

(b) Grantee shall not incur any costs or obligations that require the use of these Grant Funds after the effective date of a suspension or termination, and shall cancel as many outstanding obligations as possible.

(c) Costs to Grantee resulting from obligations incurred by Grantee during a suspension or after termination of the Agreement are not allowable unless:

(i) Grantor expressly authorizes them in the notice of suspension or termination; and

(ii) The costs result from obligations properly incurred before the effective date of suspension or termination, are not in anticipation of the suspension or termination, and the costs

would be allowable if the Agreement was not suspended or terminated. 2 CFR 200.343.

16.6. Close-out of Terminated Agreements. If this Agreement is terminated, in whole or in part, the Parties shall comply with all close-out and post-termination requirements of this Agreement. 2 CFR 200.340(d).

ARTICLE XVII SUBCONTRACTS/SUB-GRANTS

17.1. Sub-recipients/Delegation. Grantee may not subcontract nor sub-grant any portion of this Agreement nor delegate any duties hereunder without Prior Approval of Grantor. The requirement for Prior Approval is satisfied if the subcontractor or sub-grantee has been identified in the Uniform Grant Application, such as, without limitation, a Project Description, and Grantor has approved. Grantee must notify any potential sub-recipient that the sub-recipient shall obtain and provide to the Grantee a Unique Entity Identifier prior to receiving a subaward. 2 CFR 25.300.

17.2. Application of Terms. Grantee shall advise any sub-grantee of funds awarded through this Agreement of the requirements imposed on them by federal and state laws and regulations, and the provisions of this Agreement. The terms of this Agreement shall apply to all subawards authorized in accordance with Paragraph 17.1. 2 CFR 200.101(b)(2).

17.3. Liability as Guaranty. Grantee shall be liable as guarantor for any Grant Funds it obligates to a sub-grantee or sub-contractor pursuant to Paragraph 17.1 in the event the Grantor determines the funds were either misspent or are being improperly held and the sub-grantee or sub-contractor is insolvent or otherwise fails to return the funds. 2 CFR 200.345; 30 ILCS 705/6; 44 Ill. Admin. Code 7000.450(a).

Grantee shall notify the Grantor if there is a change in Grantee's legal status, federal employer identification number (FEIN), DUNS Number, UEI, SAM registration status, Related Parties, senior management (for non-governmental grantees only) or address. 30 ILCS 708/60(a). If the change is anticipated, Grantee shall give thirty (30) days' prior written notice to Grantor. If the change is unanticipated, Grantee shall give notice as soon as practicable thereafter. Grantor reserves the right to take any and all appropriate action as a result of such change(s).

18.2. Failure to Provide Notification. To the extent permitted by Illinois law, Grantee shall hold harmless Grantor for any acts or omissions of Grantor resulting from Grantee's failure to notify Grantor of these changes.

18.4. Circumstances Affecting Performance; Notice. In the event Grantee becomes a party to any litigation, investigation or transaction that may reasonably be considered to have a material impact on Grantee's ability to perform under this Agreement, Grantee shall notify Grantor, in writing, within five (5) calendar days of determining such litigation or transaction may reasonably be considered to have a material impact on the Grantee's ability to perform under this Agreement.

18.5. Effect of Failure to Provide Notice. Failure to provide the notice described in Paragraph 18.4 shall be grounds for immediate termination of this Agreement and any costs incurred after notice should have been given

shall be disallowed.

**ARTICLE XIX
STRUCTURAL REORGANIZATION AND RECONSTITUTION OF BOARD MEMBERSHIP**

19.1. **Effect of Reorganization.** Grantee acknowledges that this Agreement is made by and between Grantor and Grantee, as Grantee is currently organized and constituted. No promise or undertaking made hereunder is an assurance that Grantor agrees to continue this Agreement, or any license related thereto, should Grantee significantly reorganize or otherwise substantially change the character of its corporate structure, business structure or governance structure. Grantee agrees that it will give Grantor prior notice of any such action or changes significantly affecting its overall structure or, for non-governmental grantees only, management makeup (for example, a merger or a corporate restructuring), and will provide any and all reasonable documentation necessary for Grantor to review the proposed transaction including financial records and corporate and shareholder minutes of any corporation which may be involved. This ARTICLE XIX does not require Grantee to report on minor changes in the makeup of its board membership or governance structure, as applicable. Nevertheless, **PART TWO** or **PART THREE** may impose further restrictions. Failure to comply with this ARTICLE XIX shall constitute a material breach of this Agreement.

**ARTICLE XX
AGREEMENTS WITH OTHER STATE AGENCIES**

20.1. **Copies upon Request.** Grantee shall, upon request by Grantor, provide Grantor with copies of contracts or other agreements to which Grantee is a party with any other State agency.

In addition, where the Grantee is not an instrumentality of the State of Illinois, as described in this Paragraph, Grantee agrees that payments made by Grantor under this Agreement will not be used to compensate, directly or indirectly, any person employed by an office or agency of the State of Illinois whose annual compensation is in excess of sixty percent (60%) of the Governor's annual salary, or \$106,447.20. An instrumentality of the State of Illinois includes, without limitation, State departments, agencies, boards, and State universities. An instrumentality of the State of Illinois does not include, without limitation, municipalities and units of local government and related entities. See definition of "Local government," 2 CFR 200.1.

21.3. **Request for Exemption.** Grantee may request written approval from Grantor for an exemption from Paragraph 21.2. Grantee acknowledges that Grantor is under no obligation to provide such exemption and that Grantor may, if an exemption is granted, grant such exemption subject to such additional terms and conditions as Grantor may require.

ARTICLE XXII

EQUIPMENT OR PROPERTY

22.1. Purchase of Equipment. For any equipment purchased in whole or in part with Grant Funds, if Grantor determines that Grantee has not met the conditions of 2 CFR 200.439, the costs for such equipment will be disallowed. Grantor shall notify Grantee in writing that the purchase of equipment is disallowed.

22.2. Prohibition against Disposition/Encumbrance. Any equipment, material, or real property that Grantee purchases or improves with Grant Funds may not be sold, transferred, encumbered (other than original financing) or otherwise disposed of during the Grant Term without Prior Approval of Grantor unless a longer period is required in PART TWO or PART THREE and permitted by 2 CFR Part 200 Subpart D. Any real property acquired or improved using Grant Funds must comply with the requirements of 2 CFR 200.311. Grantee acknowledges that real property, equipment, and intangible property that are acquired or improved in whole or in part by Grant Funds are subject to the provisions of 2 CFR 200.316 and the Grantor may require the Grantee to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with this Award and that use and disposition conditions apply to the property.

Additionally, Grantee must comply with the standards set forth in 2 CFR 200.317-200.326 for use in establishing procedures for the procurement of supplies and other expendable property, equipment, real property and other services with Grant Funds. These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable federal and state statutes and executive orders.

22.4. Equipment Instructions. Grantee must obtain disposition instructions from Grantor when equipment, purchased in whole or in part with Grant Funds, are no longer needed for their original purpose. Notwithstanding anything to the contrary contained within this Agreement, Grantor may require transfer of any equipment to Grantor or a third party for any reason, including, without limitation, if Grantor terminates the Award or Grantee no longer conducts Award activities. The Grantee shall properly maintain, track, use, store and insure the equipment according to applicable best practices, manufacturer’s guidelines, federal and state laws or rules, and Grantor requirements stated herein.

22.5. Domestic Preferences for Procurements. In accordance with 2 CFR 200.322, as appropriate and to the extent consistent with law, the Grantee should, to the greatest extent practicable under this Award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this paragraph must be included in all subawards and in all contracts and purchase orders for work or products under this Award.

ARTICLE XXIII PROMOTIONAL MATERIALS; PRIOR NOTIFICATION

23.1. Publications, Announcements, etc. Use of Grant Funds for promotions is subject to the prohibitions for advertising or public relations costs in 2 CFR 200.421(e). In the event that Grant Funds are used in whole or in part to produce any written publications, announcements, reports, flyers, brochures or other written materials, Grantee shall obtain Prior Approval for the use of those funds (2 CFR 200.467) and agrees to include in these publications, announcements, reports, flyers, brochures and all other such material, the phrase “Funding provided in whole or in part by the [Grantor].” Exceptions to this requirement must be requested, in writing, from Grantor and

Grantee will provide the agreed services and achieve the specified results free from the direction or control of Grantor as to the means and methods of performance. Grantee will be required to provide its own equipment and supplies necessary to conduct its business; provided, however, that in the event, for its convenience or otherwise, Grantor makes any such equipment or supplies available to Grantee, Grantee's use of such equipment or supplies provided by Grantor pursuant to this Agreement shall be strictly limited to official Grantor or State of Illinois business and not for any other purpose, including any personal benefit or gain.

25.2. Indemnification and Liability.

(a) **Non-governmental entities**. This subparagraph applies only if Grantee is a non-governmental entity. To the extent permitted by law, Grantee agrees to hold harmless Grantor against any and all liability, loss, damage, cost or expenses, including attorneys' fees, arising from the intentional torts, negligence or breach of contract of Grantee, with the exception of acts performed in conformance with an explicit, written directive of Grantor. Indemnification by Grantor will be governed by the State Employee Indemnification Act (5 ILCS 350/1 *et seq.*) as interpreted by the Illinois Attorney General. Grantor makes no representation that Grantee, an independent contractor, will qualify or be eligible for indemnification under said Act.

(b) **Governmental entities**. This subparagraph applies only if Grantee is a governmental entity. 26.5. **Amendments.** This Agreement may be modified or amended at any time during its Term by mutual consent of the Parties, expressed in writing and signed by the Parties.

26.6. **Severability.** If any provision of this Agreement is declared invalid, its other provisions shall not be affected thereby.

26.7. **No Waiver.** No failure of either Party to assert any right or remedy hereunder will act as a waiver of either Party's right to assert such right or remedy at a later time or constitute a course of business upon which either Party may rely for the purpose of denial of such a right or remedy.

26.8. **Applicable Law; Claims.** This Agreement and all subsequent amendments thereto, if any, shall be governed and construed in accordance with the laws of the State of Illinois. Any claim against Grantor arising out of this Agreement must be filed exclusively with the Illinois Court of Claims. 705 ILCS 505/1 *et seq.* Grantor does not waive sovereign immunity by entering into this Agreement.

The records and information shall be protected by Grantee from unauthorized disclosure.

26.11. **Compliance with Freedom of Information Act.** Upon request, Grantee shall make available to Grantor all documents in its possession that Grantor deems necessary to comply with requests made under the Freedom of Information Act. (5 ILCS 140/7(2)).

26.13. Illinois Grant Funds Recovery Act. In the event of a conflict between the Illinois Grant Funds Recovery Act and the Grant Accountability and Transparency Act, the provisions of the Grant Accountability and Transparency Act shall control. 30 ILCS 708/80.

26.14. Headings. Article and other headings contained in this Agreement are for reference purposes only and are not intended to define or limit the scope, extent or intent of this Agreement or any provision hereof.

26.15. Entire Agreement. Grantee and Grantor acknowledge that this Agreement constitutes the entire agreement between them and that no promises, terms, or conditions not recited, incorporated or referenced herein, including prior agreements or oral discussions, shall be binding upon either Grantee or Grantor.

26.16. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be considered to be one and the same agreement, binding on all Parties hereto, notwithstanding that all Parties are not signatories to the same counterpart. Duplicated signatures, signatures transmitted via facsimile, or signatures contained in a Portable Document Format (PDF) document shall be deemed original for all purposes.

26.17. Attorney Fees and Costs. Unless prohibited by law, if Grantor prevails in any proceeding to enforce the terms of this Agreement, including any administrative hearing pursuant to the Grant Funds Recovery Act or the Grant Accountability and Transparency Act, the Grantor has the right to recover reasonable attorneys' fees, costs and expenses associated with such proceedings.

EXHIBIT A

PROJECT DESCRIPTION

STATEMENT OF NEED**Health**

Based on the information reported in the 2022-2024 Macon County Community Health Implementation Plan, the R3 zones in this grant project are facing significant health needs in three critical areas: 1) Mental/Behavioral Health, 2) Economic Disparities, and 3) Access to Health. Additionally, the 2021 Community Health Needs Assessment Report identified eight priority areas and three major contributing factors: 1) child abuse and neglect, 2) emergency preparedness, 3) gun violence, 4) Mental Health, 5) Poverty, 6) safe and affordable housing, 7) substance use: drugs and alcohol, and 8) unmanaged chronic conditions (including food insecurity). Major contributing factors for these community issues hinge on struggles to access health and healthcare, social determinants of health, and racial inequalities. Health, safety, and economic wellbeing are currently threatened in these R3 zones as these identified issues all stem from multi-layered challenges/disadvantages which contribute to structural, financial, and personal loss. Access to healthcare can be hindered by financial considerations when community members are uninsured, underinsured, and/or unable to pay copays and deductibles. While financial considerations are beyond the dedicated control of healthcare providers, institutions can be creative and strategic in utilizing organizational resources to support publicly funded organizations that are working locally to bridge financial barriers.

In addition to access to health and healthcare, other major contributing factors are social determinants of health. Using percentages to provide a clear illustration, access to health accounts for 20% of positive health outcomes. The other 80% are determined by the socioeconomic factors (40%), physical environment (10%) and health behaviors (30%). Socioeconomic factors such as education, job status, family/social support income, and community safety significantly affect how long we live. It is important to note that negative individual health behaviors can stem from unmitigated trauma brought on by structural factors like socioeconomic and physical environments.

Racial inequities and inequalities negatively impact the health of minoritized community members, and research indicates that black people live on average 3 to 7.5 years less than those who are white due to location and access to care (or the lack thereof).

Safety

In the criminal justice system, violent crime increased from 2019 to 2020 according to the Decatur Police Department. Reported crimes increased from 375 reported incidents to 489 reported incidents in Decatur. Property crime decreased from 1,986 arrests to 1,963 arrests in 2020. A focus on reducing gun violence and increasing access to behavioral health are some of the highest-ranked health concerns for Macon County, and one highly recommended approach to addressing these two issues is to raise awareness about equitable hiring practices (according to the Community Health Assessment 2022-2024). An example of a macro-level approach to addressing equitable hiring practices would be to create expungement initiatives that help community member seek gainful employment and other opportunities that would not be altered due to previous criminal activity or records.

The 2022-2024 Community Health Assessment indicates that area that should be of high importance is violence prevention. Specifically, the creation of Deflection services through the Macon County State's Attorney's Office and

the Macon County Teen Justice Program is critical for the advancement of juvenile justice programming in Macon County. Researchers within the past decade have argued that diversion-only systems have reinforced the net-widening issues that have plagued juvenile justice since the early 1990s. In other words, communities cause more harm to themselves and their residents when youth have to be arrested in order to get the help they need. To alleviate the criminal record and decrease the percentages of youth exposed to the criminal justice system, diversion programming needs to be created so that you can have access to services prior to arrest.

Well-being

There is currently no available data on expungement cases in Macon County. No process has ever been created to track when cases are expunged or sealed on a macro or micro level. Furthermore, no set system has been established to notify community members when their cases are expunged or sealed. This could lead to inaccuracies on job applications for those who may not be aware of their status changes. Macon County periodically hosts community expungement workshops which can yield more than 500 new expungement applications at one time (as in 2020 and 2021). Unfortunately, these applications are bottlenecked at the county government level due to lack of personnel to process these requests.

There were two comprehensive reports made available during a Decatur Peace Hub planning meeting in February 2022. The content of the 2021 Community Health Needs Assessment Report and the 2022- 2024 Community Health Assessment were carefully discussed with Memorial Health staff and the Program Manager for this R3 grant application. In these reports, data from all communities served, feedback from previous community assessments, data analyses on community impact through focus groups, and recommendations to support the new Diversity, Equity, and Inclusion (DEI) officers were among the highest priorities for previous assessments. After careful review of these documents, a clear list of matters which are of immediate and urgent necessity became top priority for consideration of new services to create within the next 12-24 months. The collaboration meeting was for the purposes of identifying top needs that would be described in the R3 process. Macon County is not a current R3 planning committee, and this entity has never received any R3 funding. Macon County did not apply for any previous Assessment and Planning grants.

In addition to the Community Needs and Health Reports, a systems map of both available and bottlenecked services in Macon County was also used to determine which Tier needed the most assistance. The top areas of concern for the system map are existent in three key areas: Tier 1: Creation of Deflection Services, Tier 2: Enhancing Diversion, and Tier 3: Development of Expungement Services. For example, Tier 1 Deflection services do not exist yet (mainly because all services were suspended by a different funding source at the start of the pandemic in March 2020. This grant is an attempt to revive this effort to create deflection services in Decatur, Macon County.

PROGRAM DESIGN

Pre-arrest diversion programs, or deflection, have the potential to reform the front-end of the criminal justice system and reduce the stigma, shaming, and humiliation associated with a low-level arrest, but little evaluation work has been conducted in this area. Few programs around the state utilize deflection services due to lack of funding or other reasons, so very little research contributes to this growing body of knowledge.

Deflection Service Creation

Deflection occurs at the beginning of the Macon County Juvenile Justice system map, and this program needs to be created to benefit youth development and violence prevention initiatives for this proposal. This service needs to be developed to ensure that youth no longer must be arrested in order to receive services from a community-based program. Research indicates that once youth are exposed to law enforcement models, they have a 60% greater chance of reentering the system for something else later, and it is usually worse than their first offense. In terms of public policy, deflection creates opportunities for community-based programming without the coercion of criminal courts or law enforcement input.

Youth between the ages of 9-17 are eligible for both deflection and diversion services. Participants can be referred to Teen Justice through local government agencies, law enforcement, community-based agencies, social service agencies, and family referrals/recommendations. Eligibility for Teen Justice depends on the severity of the case. Petty crimes, truancy, misdemeanors, and felonies are all eligible offenses (except for serious violent crimes such as murder, attempt murder, gun cases, and sex assault/abuse cases). Youth stay enrolled in the program for 90 days (3 months) and will have pre and post assessments. Assessments are only used as baseline information to help create the best care plan for individuals based on the initial high-risk criminogenic risk scores and domains. For example, if a participant "scores high" in family because he or she attacked the mother which resulted in this case being referred to Teen Justice, the care plan will focus on ways to assist the accused repairing harm to those impacted by his or her actions within 3 months. Only domains with the medium to high- risk scores will be addressed. The overall goal is to reduce the highest risk factors and to increase the protective factors in those same domains. The Part-time Deflection Services Case Manager will conduct intake appointments with all youth referred to the program and can make referrals to the Restorative Justice (RJ) Coordinator during the 90 days.

*Diversion services are the same as the Deflection Services, but post arrest. The diversion cases are also referred directly from the State's Attorney's Office.

This RJ Coordinator position serves the community development would be the circle keeper or facilitator for family circles, conflict circles, or other types of encounters. This same individual will conduct trainings for Macon County and will also help to coordinate all future Peace Hub initiatives to assist with creation of Decatur's first Peace Hub. This individual will develop community-based relationships with key stakeholders to ensure that Peace Summits, community focus groups, and restorative justice practices can be available to individuals who make referrals to the Peace Hub.

The very end of the system map for the Reentry portion of the R3 grant is the Expungement Initiative. Criminal records have prevented individuals from obtaining gainful employment, professional licensing, housing opportunities, or other benefits which can lead to economic, educational, and resource barriers for individuals seeking to be productive members of society.

Expunging or sealing records decreases the likelihood that individuals would be negatively impacted by such barriers due to criminal convictions. Eliminating the onset of such barriers can also lead to decreased recidivism over time. Goals for this project include development of expungement training, completion of mandatory expungement training, and development of a data file to track the types of cases that are expunged per month. Monthly reports will be submitted to the Chief of Police and will be available for the City Council Meetings. No database system currently exists to track the data or requests for expungement.

As with any city, Decatur relies on its citizens' abilities to contribute to the community (and much larger society) by a

variety of activities including (but not limited to) purchasing homes, attending colleges or universities, obtaining (and maintaining) employment, becoming certified to work in healthcare professions, providing funding towards schools, working in childcare development, etc. An arrest history and/or criminal conviction can interfere with plans to contribute to society. To address these concerns, in 2019, Illinois Governor JB Pritzker granted 11,017 pardons to low-level cannabis offenders just before the legalization of recreational cannabis in the state in 2020. The pardons, which will expunge records, will affect Illinoisans in 92 counties. There are 116,000 convictions for cases with a maximum of 30 grams of cannabis possession with no violent offense, which will be expunged. Other nonviolent convictions, which took place alongside marijuana convictions, will not be expunged. Convictions for between 30 and 500 grams are eligible to be vacated. Arrests that did not result in a conviction but are still public record will be expunged automatically. This affects about 572,000 arrest records in 92 Illinois counties.

However, too few lower-level drug-related criminal arrest and conviction records are expunged or sealed despite Illinois law and regulation changes. Although the law changes were effective January 1, 2020, the expungement and sealing processes are not keeping up with demand. Slow processes threaten public safety, produce substantial unnecessary costs, and impede a citizen's ability to live a productive life and/or transition into adulthood without additional barriers.

Criminal records limit access to productive life choices, increase the likelihood of recidivism, and increase court visits and other associated expenses. Figure 1 On one end, expungement requests, workshops, training, and legal aid services to assist the public with completion of expungement and sealing documentation are available through agencies such as Cabrini Greene Legal Aid and Decatur Township, however a bottleneck is occurring at the local law enforcement level where the expungements or sealing processes are finalized. Expungement/sealing processes create a bottleneck and limits the speed and productivity of the expungement/sealing initiatives. To date, the Decatur Police Department and the Macon County Sheriff's Office have received 500+ requests for expungement since January 1, 2020. DPD has only one employee to process these requests. The employee is not a full-time expungement specialist and has other duties to complete within DPD. On average, it could take up to six hours to fully process requests to expunge or seal one full record within DPD records. By hiring Expungement Specialists, this process can begin and can create a new infrastructure for expungement initiatives.

The overall goal is to create faster performance from government offices to service the public.

Macon County is seeking R3 funding to focus on 3 program priorities: 1) reentry, 2) violence prevention, and 3) youth development. This aspect of reentry is focused on developing initiatives to expunge and/or seal criminal record for the general public.

Reentry initiatives for this R3 grant will be focusing on the development of expungement processes for Macon County. No process has ever been created at the government level to ensure that expungement requests can be processed and presented to the judge within a timely manner. This will be the first initiative to kickstart something that will create a county-wide sustainability plan to follow after the grant ends. After the program Director met with the Illinois State Appellate Defender's Office Expungement Specialist, the vision for creating this initiative was very and very necessary to ensure that community members are no longer harmed in the long-term for something they cannot control.

Teen Justice and the Decatur Peace Hub will focus on violence prevention. The Peace Hub initiative (which will require the Restorative Justice Coordinator position) will host community focus groups and city-wide restorative

justice meetings to ensure that the community's voice is the forefront of all community-based initiatives within the R3 grant initiatives. The Peace Hub's initial focus groups presented three topics in its first Peace Summit: 1) A focus on healing police/community relationships, 2) a deeper dive into what Decatur has to offer, and 3) A closer look at how youth services could be developed to prevent future gun violence.

Teen Justice also focuses on the Youth Development aspect of R3 because this program seeks to help youth repair the harm they caused and to allow time and space for healing for all parties involved. Care plans are created using the RNR (Risk, Need, and Responsivity) model to ensure that care plans focus on the actual needs of the youth - rather than referring youth to services that have nothing to do with their highest risk domains (on the youth assessment tool).

The Macon County Teen Justice program operates in two capacities: Deflection and Diversion.

Deflection services include policies, practices, and programs that prevent youth arrest and court involvement and link youth to supportive services in the community, if needed. Ideally, deflection occurs instead of arrest, which in and of itself is a traumatic and humiliating experience for a young person.

Diversion services include the redirection of a youth's legal case from further processing in the legal system at any point following arrest. Youth between the ages of 9-17 are eligible for both deflection and diversion services. Participants can be referred to Teen Justice through local government agencies, law enforcement, community-based agencies, social service agencies, and family referrals/recommendations. Eligibility for Teen Justice depends on the severity of the case. Petty crimes, truancy, misdemeanors, and felonies are all eligible offenses (apart from serious violent crimes such as murder, attempt murder, gun cases, and sex assault/abuse cases). Teen Justice gives participants the opportunity to avoid arrest and formal charges. Based in restorative justice practices, this program assists participants with development of problem-solving skills, decision-making skills, competency development (to better understand how their actions have impacted others) and offers the chance for relationships to be repaired and/or restored to the harmed parties.

Teen Justice is a multi-tiered program that services the youth based on their criminogenic risks and needs assessments. Youth are enrolled in the program for a minimum of 90 days. To date, the Teen Justice program has served more than 350 youth in Macon County since 2017 but has the capacity to serve more if more positions were funded. Youth have been able to move on with life, go to college, and start jobs without having juvenile records hanging over their heads.

Teen Justice is the only pre-adjudicatory diversion program in Macon County. There are other programs that work with specific kinds of cases such as the Macon County HEALS Program and Juvenile Redeploy Illinois, but none of these options operate the same as Teen Justice in that this program provides utilizes a risk assessment tool and couples it with restorative justice practices. Successful Completion rate for Teen Justice is 84% since 2017. Teen Justice will be the only program to venture all the way into expungement and reentry services for early-system involved youth.

The Teen Justice Program and the Decatur Peace Hub initiative both follow the Restorative justice principles presented in the Little Book of Circle Process by Kay Pranis.

Focusing on the harms and consequent needs of those harmed first of all, but also on those of the community and those causing harm is one of the main corner posts of the Teen Justice program. Unlike intensive supervision

programs and traditional probation, Teen Justice staff and the Restorative Justice Coordinator will rely on individualized care plans which will require an understanding of the four corner posts of restorative justice: Inclusion, Encounter, Amends, and Reintegration. All individuals involved with or impacted by the incident will be included in the care plan development. These encounters are based in restorative justice practices and provide space for healthy dialog and discussions about what each party needs to be/feel restored (making amends). After program completion, the focus on reintegration will include reentering community or school settings without judgement as "bad" or "criminal" individuals. These corner posts serve as foundations to ensure that all care plans focus on repairing harm caused to others, strengthening relationships with others, and increasing protective factors within dynamic domains of the risk assessment.

These corner posts all resulted from Kay Pranis' text and is the foundation for all youth diversion and deflection services in the Teen Justice Program.

PROGRAM STAFFING

Macon County Sheriff's Office Expungement Specialists (MSO Expungement Specialists) are entirely new positions for Decatur, Macon County. Based on the March 2020 grant previously funded by a local foundation, Millikin University created a partnership with the Macon County State's Attorney's Office, Macon County Sheriff's Office, Macon County Circuit Clerk's Office, and the Decatur Police Department to establish the first ever expungement specialist program to aid with improving individual lives and the overall community image. The goal was to assist community members with expunging arrest records and sealing criminal conviction records based on new cannabis law changes in Illinois. Unfortunately, this grant had only been active for two days before the March 2020 pandemic caused the world to shut completely down. The purpose of these 5 positions is to revive this initiative and increase the number of cases being expunged each week in local government by 25%. Although community-level expungement workshops continued to process expungement requests through Land of Lincoln Legal Aid, the Decatur Township, and others, the requests have been bottlenecked at the government level due to the lack of personnel to successfully process each case in a timely manner. Local government agencies have been hesitant to move full-time staff into expungement positions as they face budget crises on multiple fronts, however, community members continue to suffer the negative impacts and stigma from cases that should be expunged or sealed. These positions will help relieve the bottleneck at this level of government and increase Macon County's capacity to process community expungement/seal requests from individuals and community-based workshops. Through this R3 grant, 4 positions will be created through the Macon County Sheriff's Office. The 4 Part-time MSO Expungement Specialist positions are calculated based on the successful creation of the March 2020 foundation grant and current office hourly salaries for part-time positions: $\$13.00/\text{hr} \times 25\text{hrs}/\text{wk} = \$375.00/\text{wk}$. $\$375.00 \times 2 \text{ weeks (bi-weekly)} = \650.00 . Macon County pays bi-weekly for a total of 26 pay periods within 12 months, but due to the delay outside of Macon County's control with the start of this grant, the calculations will only include 22 pay periods (September 2022 - June 30, 2023), or 22 pay periods. $\$650.00 \times 22 = \$14,300$ per specialist. $\$14,300 \times 4 = \$57,200$.

The Macon County Circuit Clerk's Expungement Specialist is also an entirely new position. The goal of this role is to assist the Circuit Clerk's Office with expunging arrest records and sealing criminal conviction records per the Judges' orders. This position will help relieve the bottleneck at this level of government and increase Macon County's capacity to process community expungement/seal requests from individuals and community-based workshops.

Through this R3 grant, this position will be created through the Macon County Circuit Clerk's Office. Calculation:
\$14,300 x 1 = \$14,300.

32.1. Grantee shall maintain the following time keeping records on-site for all grant-funded and match personnel:

- A. Personnel who spend less than 100% of their time on the funded program must maintain a Personnel Activity Report (PAR) that accurately reflects the time the employee spends performing the program and any other duties. The PAR must:
 1. reflect an after-the-fact distribution of the employee’s actual activity (not budgeted time);
 2. account for attendance and the daily total activity for which the employee is compensated (by all funding sources);
 3. be prepared at least monthly and coincide with one or more pay periods;

Reports shall include but are not limited to, monthly fiscal reports, quarterly progress reports and all reports included in the closeout materials. Monthly fiscal reports are due no later than the 15th of each month. The quarterly progress reports are due not more than 15 days after the end of the quarter, unless another reporting schedule has been required or approved by the Grantor. The final date for submission for all of the closeout material reports is 15 days after the end of the grant period.

34.2. Failure to meet the reporting dates established for the particular reports shall result in the "freezing" of all funds, in addition to any other remedy stated in this Agreement. The frozen funds shall not be limited to a particular grant that is delinquent, but all grant funds that Grantee has with Grantor shall be frozen. Funds will be released following the completion of all the reporting requirements.

35. Procurement Requirements and Requests for Proposals.

35.1. All procurement transactions shall be conducted by Grantee in a manner to provide, to the maximum extent practical, open and free competition. Procurement transactions include the purchasing of equipment, commodities, goods and services. Procurement transactions do not include the making of sub-grants.
